Corporate governance

The Navigator Group recognises the value of good corporate governance. The Board believes that effective governance processes and procedures add to the performance of the Navigator Group and engenders the confidence of the investment community.

This statement sets out the principle features of Navigator Global Investment Limited's ('Navigator') corporate governance framework and main governance practices in place throughout the year and discloses the extent to which the Company has followed the ASX Corporate Governance Council's Corporate Governance Principles and Recommendations 3rd Edition (CGPR 3ed) during the reporting period, comprising the year ended 30 June 2018.

The Corporate Governance section of the Group's website (<http://www.navigatorglobal.com.au/site/about/corporate-governance>) contains the charters, codes and policies which are referred to in this statement (or a summary of them). These documents are periodically reviewed and enhanced where necessary to take account of changes in the law and governance practices. The Group's governance systems meet the requirements of the Corporations Act 2001 (Act) and the Listing Rules of the Australian Securities Exchange (ASX Listing Rules and ASX respectively). Consideration has been given to the applicability of recommendations given the size of the business and policies have been tailored accordingly.

Board and management roles and responsibilities

1.1

The Board is accountable to shareholders for Navigator's strategic direction, business operations and performance. The role and responsibilities of the Board are set out in the Board Charter.

Matters reserved to the Board and those delegated to committees and management are set out in the Board Charter, the relevant Board Committee Charter and the Delegated Authority Policy. The Board has retained all authority required by the law, and powers which are specifically reserved for the Board include:

- approving the strategic direction and significant corporate initiatives of the Group;
- approving the annual budget, annual and interim financial reports;
- monitoring the effectiveness of risk management and compliance arrangements, including ensuring appropriate internal controls are in place and are operating effectively;
- setting capital management policies, including determining dividends to be paid;
- appointing and removing the Chairman, Chief Executive Officer ('CEO') and Company Secretary;
- establishing Committees of the Board; and
- assessing Board composition, performance and remuneration.

The Board has delegated the responsibility for the day to day operation and administration of the Group to the CEO and other officers and executives of the Group (collectively "management").

Management is specifically responsible for:

- leading, in conjunction with the Board, the development and implementation of strategy;
- assessing principal risks and ensuring that these risks are being monitored and managed;
- ensuring effective internal controls and management information systems are in place;
- communicating effectively with shareholders, employees, other stakeholders and the public; and
- ensuring that Directors are properly informed.

Management must consult with the Board on matters that are sensitive, extraordinary, of a strategic nature or are otherwise outside their delegated authority limits.

Board composition

1.2

The Company's Constitution provides that there must be a minimum of three and a maximum of nine directors. The Board currently comprises five Directors, three of whom are independent Non-Executive Directors, one of whom is a Non-Executive Director and one of whom is the CEO and Executive Director.

The Board seeks to maintain a balance of skills, knowledge and experience to direct and oversee the activities of the Group. Each Director's background, date of appointment and attendance at Board and Committee meetings are set out in the Director's Report which forms part of the Annual Report. Annual Reports are available at <http://www.navigatorglobal.com.au/site/company-updates-reports/financial-reports>.

Appointment, election and re-election of Board members

The Remuneration and Nominations Committee oversees the process of identifying potential Board candidates.

In the event the Company is seeking to appoint a new Director, the Remuneration and Nominations Committee may obtain the assistance of a specialist recruitment consultant to assist in identifying suitably qualified candidates, and to ensure a broad range of qualified candidates is identified for the selection process.

Once identified, candidates are assessed through interviews and checks are conducted into the person's character, experience, education, criminal record and bankruptcy history before they are appointed as a Director.

In accordance with the requirements of the Company's Constitution, a specified number of Directors are required to retire each year, and may nominate themselves for re-election. As the Board currently has five members, and the CEO as Managing Director is exempt from the re-election requirement, each of the remaining Directors retires and is re-elected at the annual general meeting every two years.

In putting forward a Director for election or re-election the Company will provide shareholders with all material information in its possession that is relevant to the decision as to whether or not to elect or re-elect a Director is provided to shareholders in the explanatory notes accompanying the notice of meeting for the annual general meeting at which the election or re-election is to be considered. Along with any other material information which is considered relevant to the Director's election or re-election, the information provided to shareholders includes:

- biographical details, including their relevant qualifications, experience and skills;
- whether the Director is considered to be an independent Director;
- details of any interest, position, association or relationship that may influence or be perceived to influence the independence or ability to act in the best interests of the Company of that Director; and
- the date of appointment of the Director.

Terms and conditions of the appointment for each Non-Executive Director is set out in a letter of appointment.

The CEO, as an Executive Director, and other senior executives are subject to a service contract which outlines the terms of their employment, including roles and responsibilities.

1.3

The Company Secretary

1.4

The Company Secretary is accountable directly to the Board, through the Chairman, on all matters to do with the proper functioning of the Board.

The role of the Company Secretary is to:

- advise the Board and its Committees on governance matters
- organise for an agenda to be drawn up for each meeting
- coordinate the agenda and distribution of Board papers prior to each meeting
- draft the minutes of the meetings and distribute to the Board for approval
- maintain the Board's secretariat files

Evaluating Board performance

1.6

The Board Charter requires that the Board should review its own performance, the performance of its standing committees, and the performance of individual Directors every two to three years. The Board has delegated responsibility for these reviews to the Remuneration and Nominations Committee, which has the discretion to engage an external consultant to facilitate this review.

In August 2017 the Remuneration and Nominations Committee undertook a performance review in accordance with this process. This review was facilitated by the Chairman through a combination of written and oral communications. In undertaking this review, the Remuneration and Nominations Committee considered the following performance criteria:

- Role clarity
- Strategy
- CEO/Senior Management team oversight
- Monitoring
- Risk management
- Compliance
- Policy framework
- Networking
- Stakeholder communication
- Decision making
- Effective governance
- Board dynamics
- Meeting processes
- Committee structure

It was assessed that the Board, committees and individual Directors performed satisfactorily across all the above areas.

Diversity

1.5

The Group recognises the value of attracting and retaining employees with different backgrounds, knowledge, experience and abilities. The Remuneration and Nominations Committee is responsible for overseeing the Company's strategies on diversity, including annual monitoring of the Company's achievements against diversity objectives.

The following measurable objectives relating to gender diversity were adopted by the Board for the 2018 financial year:

- have an appropriately diverse and skilled workforce and Board, appointed on merit, which will support the Group's achievement of its business objectives;
- foster a corporate culture characterised by inclusive practices and behaviours for the benefit of all employees and Directors; and
- support a work environment that values contributions of employees and Directors with diverse backgrounds, experiences and perspectives through improved awareness of the benefits of workplace diversity.

The Remuneration and Nominations Committee has assessed these objectives and confirms that, where applicable, these objectives have been achieved.

The Company is not a 'relevant employer' under the Workplace Gender Equality Act. The Group's US subsidiaries are required to comply with US employment law. Where possible and practicable, Lighthouse has sought to achieve the objectives and operate in accordance with the spirit of the Group's diversity policy.

The performance and remuneration of the CEO and the other senior executives were reviewed during the reporting period as follows:

- Sean McGould's performance was not formally reviewed, however, as an Executive Director, Sean McGould regularly participated in Board meetings, exchanged information with other Directors and received informal feedback, particularly through regular communication with the Chairman outside of board meetings.
- Amber Stoney's (CFO and Company Secretary) performance was reviewed by Michael Shepherd, Chairman of Navigator Global Investments Limited.

The Company's risk management framework is outlined in its Risk Management Policy, a summary of which is available on the Company's website. The framework supports a structured and focussed approach to identifying, managing and reviewing risks to complement the strategies adopted to achieve the corporate objectives of the Group.

The Audit and Risk Committee has been delegated the responsibility for reviewing the Group's risk framework annually to satisfy themselves that it remains effective and that it continues to be relevant. Any material changes to the identified risks, or processes for managing these risks, are reported to the Board. A review of the risk management framework was conducted during the 2018 financial year.
